Access to Hydro One's Confidential Filing of Response to Interrogatory I-4-2**

Dear Mr. Ford,

Thank you for your email dated January 19, 2009 regarding access to Hydro One's business plan.

Pursuant to the Board's *Practice Direction on Confidential Filings*, access to documents considered confidential by the Board is limited to active parties in a proceeding (in this case the applicant and registered intervenors). As a general rule, only legal counsel and consultants for intervenor groups are given access to the confidential documents – employees or directors of intervenor groups usually do not receive the documents.

Confidential documents are not available to Observers. We are therefore unable to comply with your request.

Yours truly,
