LETTER OF COMMENT

Comments:

What could possibly be driving Enbridge to want to increase their rates to consumers? Are they not making enough profit? Are they not aware of the Canadian economy? Do they not understand the amount of difficulty Canadians are having paying their bills already? In no way, shape or form should this be approved. In 2025, Enbridge reported a gross profit of 18.9 Billion dollars. THE COST OF ENBRIDGE GAS SHOULD BE LOWERED FOR THEIR CONSUMERS. Times are difficult, Canadian companies should be looking out for Canadians, ESPECIALLY with the profit numbers Enbridge gas shows year over year.
