**NOTICE OF APPLICATION AND WRITTEN HEARING
FOR AN
ELECTRICITY DISTRIBUTION RATE CHANGE**

Erie Thames Powerlines Corporation

The Ontario Energy Board has received an application on January 22, 2009 under section 78 of the *Ontario Energy Board Act, 1998*, S.O. 1998, c. 15 (Schedule B), seeking approval for changes to the rates that Erie Thames Powerlines Corporation ("Erie Thames") charges for electricity distribution, to be effective May 1, 2009. The Board has assigned the application file number EB-2008-0172. The Board's decision on this application may have an effect on all of Erie Thames's customers. The application was filed under the Board's guidelines for 3rd Generation Incentive Regulation, which provides for a mechanistic and formulaic adjustment to rates between cost of service applications.

Any change to the rates that Erie Thames charges for electricity distribution will be reflected in the delivery charges. Delivery charges are one of four regular items on residential and general service customers' electricity bills and vary depending on the amount of electricity consumed.

Erie Thames indicates that if the application is approved as filed, a residential customer consuming 1,000 kWh per month would experience an approximate 4.4% increase in their delivery charges. This is a \$1.66 increase per month on their bill. A small general service customer consuming 2,000 kWh per month and having a monthly demand of 50 kW or lower would experience an approximate 4.1% increase in their delivery charges. This is a \$2.21 increase per month on their bill.
