AMPCO Interrogatory #96

Interrogatory

Reference: Ex D2 T2 S10 P42

OPG indicates it reviewed an external operating experience report that collected information on issues related to heavy water management at the HWMB and their resolution. This report was compiled as part of preparation for the earlier operational improvement project.

Please provide a copy of this report.

Response

Please see Attachment 1 (this document is labelled confidential but OPG has determined it is non-confidential it its entirety) for a copy of the external operating experience report.
