CCC Interrogatory #49

Interrogatory

Reference: Exhibit F3/T1/S4

OPG currently has three operating subsidiaries – Alura Power, Laurentis Energy Partners and Eagle Creek Renewable Energy:

a) Please provide the Service Level Agreements between OPG and each of its subsidiaries.;
b) Please describe, in detail, the services OPG provides to each of the subsidiaries;
c) Do these subsidiaries provide services to OPG? If so, please describe these services;
d) Will the corporate allocations and asset service fees change over the IR term? If so, on what basis;
e) Does OPG currently have any plans to establish any other subsidiaries during the period 2022-2026? If so, please explain what is planned.

Response

a) The service agreements for Atura Power and Laurentis Energy Partners are provided in Attachments 1 and 2. OPG does not have a service level agreement with Eagle Creek Renewable Energy and does not sell any services or resources to it.

b) OPG provides the following services, from time to time, for its operating subsidiaries:

Atura Power

- Diving operations and inspections (i.e. zebra mussel remediation and trash rack clearing)
- Engineering services (i.e. turbine balancing and general inspections)
- Corporate support services (i.e. legal, real estate, finance, and tax)
- Other services (i.e. managed system work, modelling services)

Laurentis Energy Partners

- Corporate support (i.e. legal, tax, and branding)
- Isotope support work

c) Atura Power and Eagle Creek Renewable Energy do not provide services to OPG. Form time to time, Laurentis Energy Partners provides low level nuclear waste sorting services, as well as engineering and project management support.

d) OPG does not anticipate any changes to the methodology used to allocate corporate support costs or determine asset service fees. The specific amount of corporate costs allocated and asset service fee charged will vary over the IR term based on actual costs and transactions.

e) OPG does not currently have plans to establish any other operating subsidiaries during the 2022-2026 period.
