SEC Interrogatory #133

Interrogatory

Reference: F2-8-1

With respect to OPG's proposed costs related to SMR technology:

a. Please provide a detailed breakdown of the forecast costs for OPG's plan to develop SMR at the Darlington site.
b. Please provide a copy of the business case for the proposed spending.

Response

a) For the purposes of this rate setting application OPG is seeking approval of annual OM&A costs of $2.2M, $2.2M, $2.3M, $2.3M and $2.3M for the years 2022-2026, respectively, as presented in Ex. F2-1-1, Table 1. These forecast OM&A costs are for work to preserve the option to build new nuclear at the Darlington site, and are not predicated on the development of an SMR.

b) See Ex. L-F2-08-AMPCO-152 part b).
