Dear Registrar:

Re: Canadian Niagara Power Inc. ("CNPI")
Major Event Day and Z-Factor Claim

On December 11, 2021, a severe storm hit the Niagara area, with wind gusts up to 130km/hr in CNPI's service area. This storm caused damage to CNPI's infrastructure resulting in power outages to more than 80% of CNPI's customer base.

In accordance with Chapter 3 of the Filing Requirements for Electricity Distribution Rate Applications, CNPI hereby notifies the OEB of its intention to file a Z-Factor claim in relation to this event in its next IRM application. CNPI will provide evidence related to causation, materiality and prudence as part of that application.

In accordance with Electricity RRR related to Major Events, CNPI is filing a Major Event report, which is enclosed with this letter and will also be filed via RESS.

Sincerely,

Trevor Wilde
Manager Regulatory Affairs
