CCC Interrogatory #41

Interrogatory

Reference: Exhibit D3/T1/S1/p. 7

OPG has set out its Real Estate strategy to the end of 2026. The intent is to reduce its overall real estate footprint by optimizing the layout of its offices through workplace transformation and by investing in a new, sustainable corporate campus too consolidate non-plant employees at a principal location in Clarington. Did OPG retain outside consultants to assist in maximizing the most cost-effective strategy. If not, why not?

Response

OPG engaged consultants and participated in meetings with industry leaders and industry associations to gain insights to the opportunities and strategies available with respect to asset and workplace optimization that could be used by OPG to develop its real estate strategy.
