Dear Ms. Long:

**Re: EB-2020-0290 Application by Ontario Power Generation Inc.
For 2022-2026 Payment Amounts – Correction to Attachment 3 of Ex. L-D2-02-AMPCO-080**

This letter is to advise the Ontario Energy Board of a correction to Attachment 3 of Ex. L-D2-02-AMPCO-080, as shown in the attached. The correction arises from an administrative error where OPG originally filed a draft, unexecuted version of the Report of Equipment In-Service ("REIS") instead of the final and fully executed version. The attached final REIS document shows a D2O Storage Project capital in-service addition of $320.9 in 2019. This is consistent with OPG's evidence, which was always based on this final REIS and therefore remains unchanged (see, Ex. D2-2-10, p. 12, Chart 2).

OPG has submitted this document through the Regulatory Electronic Submissions System. This material will also be available on OPG's website at www.opg.com. If you have any questions regarding this submission, please contact me at 416-592-2181.

Respectfully submitted,

Evelyn Wong
