UNDERTAKING J2.2

Undertaking

TO DETERMINE WHETHER THE 2004 STUDY REFERRED TO IN EXHIBIT L-D2-02-AMPCO 87 EXISTS, AND IF IT EXISTS, TO PROVIDE IT

Response

While OPG cannot be certain, given the passage of time, OPG believes that the study being referred to is the one already filed at Ex. L-D2-02-AMPCO-131, Attachment 1. In any event, Ex. L-D2-02-AMPCO-131, Attachments 1-4 are the four Kinectrics reports addressing the TRF life cycle that were roughly contemporaneous with the December 2004 Kinectrics report found at Ex. L-D2-02-AMPCO-087, Attachment 1, p. 12.
