Dear Mr. Burton:

**Re: Application for Generator Licence
Board File Number EB-2009-0316**

The Ontario Energy Board has completed a preliminary review of your application. In your application, you indicate that North Shore Power Group Inc. ("North Shore Power") has begun preparatory work in anticipation of Ontario Power Authority's ("OPA") Feed-In-Tariff ("FIT") Program and plans to proceed with the environmental screening process in September 2009 upon the initiation of FIT.

Your application has been placed on hold. The Board will reopen your application once North Shore Power has entered into a FIT contact with the OPA. When North Shore Power has entered into a FIT contract with the OPA please file the contract with the Board, referring to file number EB-2009-3167 in your covering letter.

Please direct any questions relating to this matter to Lenore Dougan, Advisor, Licence Applications at 416-440-8141 or e-mail, lenore.dougan@oeb.gov.on.ca.

Yours truly,
