Ref: Application, Page 18
Application, Schedule 2

Preamble:

Page 18 of the application states that the projected balance in the PGCVA is a credit of $22,944.59 including a credit of $65,112.93 in accumulated interest, based on the Board's prescribed interest rate.

Schedule 2 of the application shows a projected balance in the PGCVA of $22,844.80 including a credit of $65,112.81 in accumulated interest.

Question:

a) Please explain why the summary of the PGCVA provided on page 18 of the application does not match schedule 2 of application. If required, please update the application.

ENGLP Response: The correct values are as per Schedule 2, (PGCVA of $22,844.80 including a credit of $65,112.81) so the reference in the application is incorrect. No changes to any calculations or rates are required.
