Subject: Oxford Ski Ltd. - Application for a Unit Sub-Metering Licence: OEB Additional Questions
Importance: High

Good Morning Mr. and Mrs. Koning,

Thank you for submitting the additional information.

In your unit sub-metering licence application, you state that your intended services in Section 8: Intended Unit Sub-Metering Services on page 4 of the application is:

- Providing and maintaining unit sub-meters in a multi-unit complex; and
- Meter reading, billing and collecting payments in respect of the electricity consumed in the multi-unit complex

In Section 9: Corporate Organization on page 4 of the application, you state:

We have tenants that reside here for the summer months as well as tenants who reside here in the winter.

I have some additional questions:

1. Please identify the company (including the OEB licence number) that is **currently** responsible for **meter reading, billing and collecting payments** for the electricity consumed at the trailer park.

2. Please identify when Oxford Ski Ltd. intends to begin providing meter reading, billing and collecting payments for the electricity consumed at the trailer park.

3. Please provide information on the process that Oxford Ski Ltd. will undertake with the current company to take over the meter reading, billing and collection of payments for the electricity consumed at the trailer park.

Please provide a response no later than Friday, July 10, 2026.

Thanks,

Natasha Gocool, Advisor, Licensing and Compliance Reviews, Performance Analytics & Compliance
