RE: Clarification on Decision and Order for Cost Awards
Vulnerability Assessment and System Hardening Project (VASH)
OEB File Number: EB-2024-0199

The Ontario Energy Board (OEB) issued a Decision and Order for Cost Awards on July 3, 2026. In its decision, the OEB expressed certain cost award amounts in the findings section of the Decision and Order as whole-dollar amounts (i.e., no decimal places).

For clarity and consistency with Schedule A to the Decision and Order, which sets out the approved cost award amounts and corresponding cost responsibilities to two decimal places, the OEB has updated the Decision and Order to express the applicable cost award amounts to two decimal places throughout.

The revisions are limited to the expression of cost award amounts and do not alter the OEB's findings regarding cost eligibility, cost responsibility, or the allocation of costs among distributors. Schedule A to the Decision and Order remains unchanged.

Yours truly,

Kevin Mancherjee
