Dear Ms Walli:

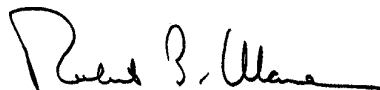

Re: Hydro One Networks Inc. - Transmission - Supplementary Filing - EB-2008-0272

We are Counsel to the Consumers Council of Canada ("Council"). On September 4, 2009, Hydro One Networks Inc. ("HON") filed supplementary evidence regarding four projects that were not approved in its 2009/2010 rates proceeding. In its Procedural Order No. 6, dated September 18, 2009, the Ontario Energy Board ("Board") requested that parties indicate whether they intend to file evidence in this proceeding. In addition, the Board requested that parties indicate whether they have a preference to consider the new evidence through an oral or written proceeding.

The Council does not intend to file evidence in this proceeding. After reviewing the evidence that has been filed by HON in this proceeding to date, and the answers to the interrogatories, the Council believes that an oral hearing is not required. A written process should be sufficient, in our view.

Yours very truly,

WeirFoulds LLP
