cc: All parties in EB-2025-0297

Background

On October 5, 2026, the Applicants filed a settlement proposal relating to the majority of the issues in this proceeding. Prior to the settlement conference that resulted in this proposal, Intervenors and OEB staff asked pre-settlement clarifying questions. As part of the settlement proposal, it was agreed that the Applicants would file responses to these questions. On October 6, 2026, the Applicants requested that certain information in these responses receive confidential treatment under Parts 5 and 6 of the OEB's *Practice Direction on Confidential Filings*.

OEB staff does not have any objections to these requests.

OEB Staff Submission

The requests for confidential treatment relate to a question from OEB staff (Staff-1) and attachments to a question from the School Energy Coalition (SEC-7).

Regarding Staff-1, the Applicants have made two requests. The first relates to interest rate information, and the second relates to debt terms that were agreed upon with the Canada Infrastructure Bank. The OEB has already granted confidential treatment for these debt terms in the April 13, 2026 Decision on Confidentiality relating to the Pre-Filed Evidence. While the interest rate information has not received confidential treatment in this or prior proceedings, it appears consistent with previous OEB decisions. Both requests were made under Appendix A, part (a)(i) and (iii), and part (b) of the OEB's *Practice Direction on Confidential Filings*.

Regarding the attachments to SEC-7, the requests relate to project contingency amounts, variances, or the name of a service provider or vendor. The OEB has granted confidential treatment for all of these types of information in the same April 13, 2026 decision. These requests were made under Appendix A, part (a)(i) and (iii) of the OEB's *Practice Direction on Confidential Filings*.

~All of which is respectfully submitted~
