-- Name --
Willie Flamenco

-- Do you reside in the impacted service area? --
Yes

-- Comments --
I am a residential customer of London Hydro and I oppose the proposed increase of about $6 per month for a typical household.
Household costs in London have risen sharply in recent years, and another increase to delivery charges adds to that pressure, especially for seniors, renters, and families on fixed incomes. I ask the Board to approve only the costs London Hydro can clearly show are necessary, and to reduce the requested increase wherever spending can be deferred or found more efficiently.
I support the proposal to refund customers the rate rider collected for the customer information system upgrade, and ask that this credit be returned to customers promptly.
Thank you for considering my comments.
