Dear Mr. Murray,

**Re: File No. EB-2024-0142**

**Hydro One Networks Inc. Application for Authority to Expropriate Land Interests with respect to certain lands owned by Nyon Oil Inc. and 1170367 Ontario Inc. in Port Colborne, Ontario**

---

We are counsel to Nyon Oil Inc. and 1170367 Ontario Inc. in the above-noted proceeding.

We write to respectfully inquire as to the anticipated timing for the issuance of the Ontario Energy Board's decision in this matter. We previously wrote to you on August 6, 2026, requesting the anticipated timing of the OEB's decision.

Proceedings in this matter were commenced in late 2024, and written arguments closed on September 18, 2025. We recognize the significance of the issues before the Board and appreciate that careful consideration is required. However, there is a companion civil action that has been stayed in order to allow the OEB to make determinations on the matters before it. Accordingly, that civil claim has now been delayed for a significant period of time.

Given the length of time that has passed since this matter was commenced and since written arguments closed, we respectfully request that the Board issue its decision as soon as it is able to do so. If the Board is not yet in a position to issue its decision, we would be grateful for any indication the Board is able to provide regarding the anticipated timing.

We thank the Board for its attention to this matter.

Yours very truly,
**MASSEY LLP**
