Issues:

OGVG's members are greenhouse operators in Ontario that are large users of electricity, with the bulk of its members taking service from Hydro One distribution in the Leamington area. Accordingly OGVG's members are ratepayers that are materially impacted by both distribution rates and transmission rates. In addition, OGVG's members have a specific interest in ensuring adequate transmission and distribution capacity are developed to meet the requirements of the growing greenhouse related demand for electricity, and note that Hydro One includes plans from both a transmission and distribution planning perspective to meet greenhouse demands over the course of the term covered by the application. Lastly, OGVG's members have a specific interest in the scope and availability of CDM programming provided by HONI to its customers in order to manage electricity consumption.

Hearings:

OGVG expects that, given the nature of the application, there should be an oral hearing.

Evidence:

OGVG does not, at this time, expect to file intervenor evidence.

Coordination with Other Intervenors:

OGVG has a history of coordinating with other intervenors in order to contribute to the efficiency of the application process and expects to do so in this case, where its interests overlap with other participants.

Cost Awards:

OGVG is applying for cost award eligibility, and has been found cost award eligible in all the OEB proceedings for which it has applied for intervenor status in the more than 10 years that it has been applying for intervenor status and cost award eligibility. OGVG notes that, pursuant to section 3.03 a) of the Practice Direction on Cost Awards, OGVG directly represents the interest of ratepayers, specifically greenhouse operations that take service from HONI as large users of electricity. As a not-for-profit organization, OGVG does not have other funding sources to ensure experienced representation to participate in and assist the OEB with these regulatory proceedings. Therefore, OGVG would respectfully request a determination of eligibility for cost award in this proceeding. OGVG retains professionals who have experience representing intervenor interests and, OGVG respectfully submits, have assisted the Board in previous proceedings in an efficient and responsible manner.
