Re: EB-2009-0201- Kingston Hydro Request for Electricity Distribution Rate Change
As published November 28th 2009 in the Kingston Whig Standard

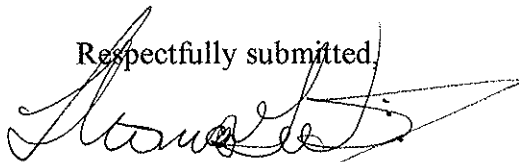

Members of the Board

I wish to make comment re the above request.

It is noted that the above request will lower delivery charges 5.2% for residential customers and 3.9% for general service customers.

I would recommend that this request be accepted. This is the first or a first for the Electricity Industry in Ontario. Well done Kingston Hydro!!

Respectfully submitted,
