Dear Ms. Walli:

Re: EB-2010-0048 (GRAM Application)

This letter is to inform you that the Rate 1 and 6 System Gas and ABC-T service customer rate notices which were submitted as part of Enbridge's EB-2010-0048 draft rate order were incorrect. The delivery rates illustrated in the chart at the back of the notice for Rate 1 and 6 are misstated. The chart depicts the delivery rate excluding the load balancing rate and instead should reflect the correct delivery rate as shown in the rate schedules which is the sum of the delivery and load balancing rates.

Enbridge has corrected this error and is attaching a copy for your records. Enbridge has not begun billing customers for the April 1, 2010 rate change therefore no customers have received the incorrect version. All other rate notices as approved in the Decision and Order dated March 23, 2010 are correct.

I apologize for any inconvenience this may cause. Please contact me if you have any questions or concerns.

Yours truly,

A handwritten signature in blue ink that reads 'Jackie Collier'.
