Dear Ms. Walli:

Re: Brant County Power Inc. Cost of Service Application

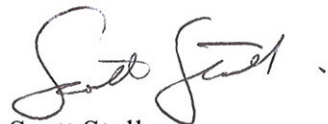

We are counsel to Brant County Power Inc. ("BCP").

BCP is currently in the process of preparing its Cost of Service Rate Application for the 2011 Rate Year. A factor that will have an impact on the Rate Application is the impending decision in procedure EB-2009-0063. At this time, we would envision that the Application will be on time assuming a decision is rendered in the near future. However if a decision is not forthcoming, it may require Brant County Power to either delay the Application or to make certain assumptions and to update the evidence after submission to incorporate the Board's decision in EB-2009-0063.

We will continue to update you regarding the progress of the Application. In the meantime if you have any questions please feel free to contact me at your earliest convenience.

Yours truly,
