Ms. Kirsten Walli
Board Secretary
Ontario Energy Board
2300 Yonge Street, 27th Floor
Toronto, ON M4P 1E4

File: EB-2010-0253

Dear Kirsten:

My wife and family are concerned about the impact of your wind turbines near my rural residence.

We would like your organization to conduct;

- (1) a medical examination on all persons residing near and affected by the turbine project along Centre Line A and Grey County Road 2 (Maxwell Road),
- (2) a real estate evaluation of all the properties along Centre Line A and Grey County Road 2 (Maxwell Road),
- (3) an environmental impact examination on the area along Centre Line A and Grey County Road 2 (Maxwell Road).

The purpose of these examinations is to establish;

- (1) a medical baseline to determine the future impact of the wind turbines, if any, on the health of residents along Centre Line A and Grey County Road 2 (Maxwell Road) affected by the wind turbines,
- (2) a baseline to determine the real estate resale value changes, if any, of the residents living along Centre Line A and Grey County Road 2 (Maxwell Road) affected by the wind turbines,
- (3) a baseline to determine the future environmental impact of the wind turbines, if any, on the farm animals, domestic pets, wildlife, and environment.

We believe that these examinations are necessary to satisfy some of our concerns over the wind turbine project.

Sincerely,

James Yeats
