NOTICE OF APPLICATION AND HEARING FOR AN ELECTRICITY DISTRIBUTION RATE CHANGE

Hydro One Remote Communities Inc.

Hydro One Remote Communities Inc. ("HORCI") filed an application with the Ontario Energy Board (the "Board") on October 15, 2010 under section 78 of the *Ontario Energy Board Act, 1998*, S.O. 1998, c.15 (Schedule B), seeking approval for changes to the rates that HORCI charges for electricity distribution, to be effective May 1, 2011. The application was filed under the Board's guidelines for 3rd Generation Incentive Regulation, which provides for a mechanistic and formulaic adjustment to distribution rates between cost of service applications. The Board has assigned the application File No. EB-2010-0092. The Board's decision on this application may have an effect on all of HORCI's customers.

Any change to HORCI's distribution rates will cause HORCI's delivery charges to change. Delivery charges are one of four regular items on residential and general service customers' electric bills and vary depending on the amount of electricity consumed.

Remotes indicates that if the application is approved as filed, year-round residential customers (R2) consuming up to 1,000 kWh per month would experience a 0.38% or \$0.38 increase in their total bill. General Service Single Phase customers consuming up to 13,000 kWh per month would experience a 0.38% or \$5.45 increase in their total bill.

The proposed changes to the delivery component of the bill are separate from other potential changes to the electricity bills, which could include changes to the electricity component and other charges included on the bill. This application deals only with the potential change in the delivery component of the bill that may result from changes in the delivery rates.

How to see HORCI's Application

Copies of the application are available for inspection at the Board's office in Toronto and on its website, www.oeb.gov.on.ca/OEB/Industry , and at HORCI's office and may be on its website.
