19 Subject: RE: Ministry question on Rates

20
21 Ted,

22
23 The cost of including Darlington Refurbishment CWIP in rate base during
24 the test period is approximately \$38M.

34 Subject: Ministry question on Rates

35
36 Jack Gibbons is holding a news conference tomorrow to release his
37 Darlington report.

38
39 The Ministry was asking about the reference to our rate request for funds
40 to finance re-furb as we progress.

41
42 They wanted to know if we could pinpoint any specific impact on rates this
43 might have - is that a figure we'd have available.

44
45
46 They are aware that the OEB is now allowing this to be considered in
47 applications, and that it does not mean it will be allowed.
