Dear Ms. Walli:

Re: EB-2010-0131 Horizon Utilities Corporation Application to the Ontario Energy Board for Electricity Distribution Rates and Charges as of January 1, 2011 – Unredacted Interrogatory Responses on the Preliminary Issue

Horizon Utilities Corporation (“Horizon Utilities”) filed its responses to interrogatories on the Preliminary Issue with the Ontario Energy Board (the “Board”) and intervenors on November 8, 2010. In so doing, Horizon Utilities filed responses to Board staff IR #4b) (in part) and Energy Probe IR #1 in accordance with the Board’s *Practice Direction on Confidential Filings*.

Horizon Utilities is in receipt of Procedural Order (“PO”) #3 from the Board in which the Board determined that “there is no information contained in the body of the responses which is confidential in nature.” While Horizon Utilities had filed such information confidentially in order to attempt to maintain the confidentiality of its customer. Horizon Utilities believes that such information is important to its responses to the aforementioned interrogatories.

Horizon Utilities is therefore submitting to the Board and to intervenors the unredacted versions of the full responses to Energy Probe IR #1a) and Board staff IR #4b) including the Appendices to Board staff IR #4b).

Horizon Utilities hopes that, in responding to the PO immediately, such will allow intervenors to provide Horizon Utilities with any written submission that they might have pursuant to the Preliminary Issue by November 19, 2010. Otherwise, based on the timeline set out in PO#3, Horizon Utilities is concerned that it may be difficult to anticipate being able to complete its written reply submission by November 29, 2010.

Should you have questions or concerns, please do not hesitate to contact me.

Yours Truly,
