Dear Ms. Walli:

**Re: EB-2010-0008 - Ontario Power Generation Inc.
Regarding Confidential Undertaking Response J10.1**

In a letter dated November 19, 2010, OPG requests that certain information in the confidential response to Undertaking J10.1 in EB-2010-0008 remain redacted even in the confidential version. In that letter, OPG indicates that it will provide a completely unredacted version of the information to the OEB for its review only, in order to confirm the reasonableness of the redactions retained in the confidential response.

A copy of the fully unredacted 2010-2014 Business Plan Financial Overview dated November 19, 2009 (J10.1 Attachment 1) and the fully unredacted 2010-2014 Business Plan Financial Outlook dated October 23, 2009 (J10.1 Attachment 2) are attached. A copy of this cover letter to the OEB without the attachments will be filed in the public record through RESS.

Following the OEB's review of the confidential attachments, in aid of returning the documents to OPG, the documents may be returned to:
