EB -2010-0253

November 24,2010

Ms.Kristen Walli  
Board Secretary  
Ontario Energy Board  
2300 Yonge Street, 27th Floor  
Toronto, Ontario M4P IE4

Dear Ms. Walli;

Plateau Wind Inc. continues to treat the Ontario Energy Board the Municipal Council and ALL potentially affected landowners as well as encumbrances/ees with disrespect in the following manner;

1.ALL directly affected landowners were not served a copy of the Application as directed by the O.E.B.in their letter of direction.

2.Both the O.E.B. and the Municipal Council were not served with submission papers on the due date. Why was the Board served 2 days late and the Council 6 days late? Could they not have been served on the same day?

This letter is a request for a 10 day extension (Dec.16/2010) for Grey Highlands Council to have sufficient time to consider and respond,as they are currently a "lame duck council".The council is to be inaugurated on Dec.6/2010

Thank you for taking the time to read and consider this letter.Let us approach this situation in a mature, professional manner.

Sincerely

Pat Foster
