Ms. E. Kirsten Walli, Board Secretary  
Ontario Energy Board  
2300 Yonge Street, 27<sup>th</sup> floor  
PO Box 2319  
Toronto, Ontario M4P 1E4

Dear Ms. Walli:

**RE: OEB File No. EB-2010-0142 / EB-2009-0139  
Toronto Hydro-Electric System Limited's ("THESL")  
Electricity Distribution Rates Applications**

Pursuant to the requirements on page 30 of the Board's April 9, 2010 Decision with Reasons in THESL's 2010 Electricity Distribution Rates Application (EB-2009-0139), enclosed are the additional schedules related to the cost allocation study for suite metering services. THESL proposes to include them in Exhibit L1 as follows:

- Exhibit L1, Tab 3, Schedule 1: Cost Allocation Study for Individually Metered Suites in Multi-Unit Residential Buildings, prepared by BDR on November 29, 2010
- Exhibit L1, Tab 3, Schedule 1, Appendix A: Consultant Qualifications
- Exhibit L1, Tab 3, Schedule 2: Excel version of Base Case without SMSC (filename: EB-2010-0142\_L1\_T03\_S02\_Base Case without SMSC.xlsx)
- Exhibit L1, Tab 3, Schedule 3: Excel version of SMSC (filename: EB-2010-0142\_L1\_T03\_S03\_SMSC.xlsx)

Please note that these documents will also be available on THESL's Regulatory website by start of business tomorrow, at:

<http://www.torontohydro.com/sites/electricsystem/Pages/2011EDRApplication.aspx>

THESL has made a concerted effort to meet the Board's December 1, 2010 filing requirement for this cost allocation study and respectfully requests that any procedural matters arising from this additional evidence not extend the schedule for EB-2010-0142. To the extent that the Board considers it necessary to provide for interrogatories on the study, THESL suggests that that process be undertaken in parallel with the main case so that it may proceed in a timely fashion.

Please contact me if you require further clarification.

Yours truly,
