Dear Ms. Walli:

**Re: Toronto Hydro-Electric System Limited 2011 Cost of Service Application
Board File No. EB-2010-0142
Interrogatories from the Smart Sub-Metering Working Group**

Pursuant to Procedural Order No. 3, we enclose two copies of the Interrogatories of the Smart Sub-metering Working Group ("SSMWG") in respect of the Cost of Service Study undertaken by BDR on behalf of Toronto Hydro-Electric System Limited ("THESL") dated November 29, 2010. An electronic copy of the Interrogatories will be filed today through RESS.

The SSMWG notes that THESL failed to respond to a number of the Interrogatories which the SSMWG posed earlier in this proceeding. The SSMWG proposes as a matter of practicality to await THESL's response to the attached interrogatories, and to the extent appropriate, to combine any refusals from both rounds of interrogatories in a motion for an Order compelling THESL to provide full and complete answers to those interrogatories which THESL has refused to answer.

Yours truly,

AIRD & BERLIS LLP
