Dear Mr. Shepherd:

**Re: Toronto Hydro-Electric System Limited (“Toronto Hydro”) –
School Energy Coalition (“SEC”) Submissions With Respect To
Confidentiality
Board File EB-2010-0142**

The Board is in receipt of your letter of January 20, 2011 concerning SEC’s submissions with respect to Toronto Hydro’s claim for confidentiality for the supplier contract and Business Plan, as outlined in the Board’s Decision on Confidentiality and Procedural Order No. 4 of January 12, 2011 and Procedural Order No. 6.

In your letter, you state that although SEC does not believe that its letter contains any confidential material, it has been provided to the Board and the Applicant only on a confidential basis, until such time as the Board confirms that nothing in the letter should be treated as confidential.

The Board has reviewed SEC’s letter and has determined that it does not contain any confidential material. As such, the Board directs SEC to re-file its letter on a non-confidential basis using the processes established for the filing of non-confidential documents.

Yours truly,
