

January 24<sup>th</sup>, 2011

Ontario Energy Board  
P.O. Box 2319  
2300 Yonge Street, 27th Floor  
Toronto, ON M4P 1E4  
Attention: Board Secretary

**RE: EB-2010-0142**

Greetings,

Trilliant wishes to make a submission to the confidentiality of the proposed confidential documents as identified and supplied by Toronto Hydro in regards to hearing EB-2010-0142. As a relevant supplier of products and services to Toronto Hydro in regards to this hearing, Trilliant asks that the board accept its submission.

The submission is enclosed,

Regards,

Steven Lupo

Director, Trilliant Energy Services

## **Submission in regards to EB-2010-0142**

1. A. “..whether Toronto Hydro’s request that this information be kept confidential...”

Trilliant fully supports Toronto Hydro’s request for confidential treatment of information supplied in support of this hearing. The information supplied and marked as ‘confidential’ by Toronto Hydro contains market-sensitive data that will conclusively, negatively affect the businesses of its suppliers (Trilliant, etc) should it be shared with other vendors in this market. Specifically, the confidential information will provide sensitive, competitive information to other vendors/competitors of Trilliant’s products and related services with subsequent damages emerging beyond this hearing and Trilliant’s business dealings with Toronto Hydro.

Trilliant asks that the board take all necessary precautions and provides full assurance that it will avoid the sharing of this ‘confidential’ information with other vendors of the relevant metering systems and associated services (specifically those who are members of the SSMWG) in regards to the matters of EB-2010-0142.

- b. “...whether or not the Board should also accept Toronto Hydro’s proposal that only counsel for the various intervenors be permitted access to this interrogatory response”

Trilliant supports Toronto Hydro’s proposal that only counsel for the intervenors be permitted access to the interrogatory response on the basis that the board is confident and is able to provide assurances of its processes that the confidential information is only shared with the relative counsel members. Also, Trilliant requests that the information be provided only on an as-needed basis in terms of strong relevance to the overall scope of EB-2010-0142.
