ONTARIO ENERGY BOARD

To the members of the Ontario Energy Board; regarding application from Ontario Power Generation Inc. (OPG) seeking increase in payments for output of its generating facilities. I, as a taxpayer and Hydro One user, feel that the time has come to say "NO"! Many people like myself, are finding it very hard to make ends meet and do not have the extra dollars to keep paying out to this runaway, government owned, monstrosity called Hydro One. Last year, you, the Energy Board approved three increases and three tiered payment rate to Hydro One. Now the OPG wants a 6.2% increase added to our bills. The delivery charges now equal or surpass the amount of hydro being used. When does it end?? We the people say "ENOUGH IS ENOUGH". You, the Energy Board have the power to start reigning in this monster called "Hydro One" and stop the high cost to Ontario ratepayers. DO IT NOW!!!
