Ms. Kirsten Walli
Board Secretary
Ontario Energy Board
PO Box 2319
2300 Yonge Street, 27th floor
Toronto, ON M4P 1E4

Dear Ms. Walli:

**Re: Toronto Hydro-Electric System Limited (“THESL”)
2011 Electricity Distribution Rate Application – Outstanding Undertaking
Responses and Further Study Material related to the Cost Allocation Study
OEB File No. EB-2010-0142**

On January 24, 2011, THESL received 15 Undertakings during the Technical Conference. Enclosed are Undertaking Responses JT1.3, 1.5, 1.6, 1.10 and 1.13 which were not included in the January 28th filing.

In addition, pursuant to Procedural Order No. 9, also enclosed is the further study material required by the Board related to THESL's *Cost of Service Study for Individually Metered Suites in Multi-Unit Residential Buildings* (Exhibit L1, Tab 4, Schedule 1).

THESL is also providing the Board and all Intervenors an Excel spreadsheet that shows the interrogatories on the pre-filed evidence (Exhibit R1), interrogatories on the Accounting Update (Exhibit R2), questions associated with the Technical Conference (Exhibit S1), and undertakings from the Technical Conference (Exhibit S2). The spreadsheet also lists the corresponding issue(s) from the Approved Issues List, the Exhibit references from the pre-filed evidence and the Panel associated with each piece of evidence. THESL does not claim

it to be error-free or suitable for everyone's purposes; however, THESL hopes it is helpful to all parties.

Please contact me if you have any questions.

Yours truly,
