Ms. Joanne Tackaberry
Manager, Administrative & Financial Services
Wasaga Distribution Inc.
P.O. Box 20
Wasaga Beach ON L9Z 1A2

Dear Ms. Tackaberry:

**Re: 2012 Electricity Distribution Rates
Board File No. EB-2011-0103**

By letter dated March 1, 2011, the Board identified Wasaga Distribution Inc. ("Wasaga") as one of the distributors expected to file its 2012 rate application on a cost of service basis. The Board is in receipt of your letter dated April 7, 2011 requesting that Wasaga be permitted to defer the rebasing of its rates beyond the 2012 rate year.

The Board has considered the rationale for deferral set out in your letter, as well as the following:

- Wasaga's financial position, as shown in its audited financial statements and financial reporting to the Board;
- Wasaga's 3-year performance with respect to system reliability indicators and electricity service quality requirements/indicators, as reported to the Board; and
- Credit rating information obtained about Wasaga.

The Board has reviewed Wasaga's financial results since the last time it rebased in 2006 and is concerned about the amount by which Wasaga's return has exceeded the level of return that underpins its rates.

In order for the Board to further consider your request for deferral, the Board requires, by June 30, 2011, that you file a calculation of Wasaga's return on equity and return on rate base for both 2009 and 2010, together with an explanation of the drivers for the levels of return. These calculations should be provided based on both Wasaga's actual and deemed capital structures. If the return levels for these two years are confirmed to

be materially above the level that underpins Wasaga's rates, you should also explain why you believe it is nonetheless appropriate for the Board to defer rebasing of Wasaga's rates.

The Board has reserved file number EB-2011-0103 for Wasaga's 2012 rate application. Please refer to this file number in all correspondence related to your 2012 rate application.

Yours truly,
