Ms. Kirsten Walli, Board Secretary
Ontario Energy Board

By e-mail and RESS

Dear Ms. Walli:

**Re: EB-2011-0242 Enbridge Renewable Natural Gas Application
EB-2011-0283 Union Gas Renewable Natural Gas Application
GEC Late Intervention Request and Cost Eligibility Request**

1. The Green Energy Coalition (GEC) hereby requests late intervenor status as an active participant in this matter and requests that it be found eligible for costs. GEC was not a participant in the utilities' recent rates cases (having restricted its interventions to DSM and other environmentally significant applications). Accordingly, GEC did not receive direct notification of these matters and until recently was unaware of the public notices. GEC has missed the Board's deadline for intervention.
2. The GEC is comprised of the David Suzuki Foundation, Greenpeace Canada, Sierra Club of Canada and WWF-Canada. All of the GEC's member groups are charitable or non-profit organizations active on environmental and energy policy matters.
3. The GEC's primary interest in these proceedings is in regard to the environment.
4. We request that documents be sent to:
