Dear Ms. Walli:

EB-2011-0367 – Port Colborne Hydro Inc. Application for a Section 86 – Sale of Distribution Assets to Canadian Niagara Power Inc. - Hydro One Networks Observer Request

In response to the Ontario Energy Board's November 24, 2011 Notice of Application for Port Colborne Hydro Inc.'s Sale of Distribution Assets to Canadian Niagara Power Inc., Hydro One Networks Inc. ("Hydro One") is applying for observer status in the above-noted proceeding. Hydro One intends to review Board issued documents it will receive as an observer and may in addition obtain Port Colborne Hydro filings from the Ontario Energy Board's Regulatory Electronic Submission System in order to monitor this proceeding.

Hydro One is a subsidiary of Hydro One Inc. and operates extensive electricity transmission and distribution facilities throughout Ontario. Hydro One is a major stakeholder in the Ontario energy sector and a regulated Ontario electricity distributor and transmitter. Hydro One Networks is – like Port Colborne Hydro – an electricity distributor actively engaged in the sale of distribution assets (S86) and is therefore interested in the Board's review and decision on this Application.

Hydro One requests that documents issued by the Board in this proceeding be served as follows –
