Dear Mr. Winn:

**Re: Toronto Hydro-Electric System Limited  
Decision and Order on Suite Metering Issues February 22, 2012  
Board File Number EB-2010-0142**

The Board has today issued a corrected version of the Decision and Order which is attached.

On page 27 of the Decision, the last paragraph's first sentence originally read "The monthly service charge of the residential class will be set at the mid-point between the lowest and highest of the three customer-related monthly costs." This was in fact a drafting error, and it has been corrected to read "The monthly service charge of the residential class will be set at the existing level of \$18.25."

As a result of the issuance of the corrected Decision and Order, the filing dates outlined in the Orders section have been modified to accommodate this correction.

Yours truly,
