Dear Ms. Walli:

**Re: OEB File No. EB-2011-0189
Oakville Hydro Electricity Distribution Inc.
2012 Distribution Rate Adjustment Application**

On March 22, 2012, the Ontario Energy Board (the "Board") issued its Decision and Order (the "Decision") with respect to the above mentioned proceeding. In its Decision, the Board ordered that Oakville Hydro Electricity Distribution Inc. (Oakville Hydro) review the draft Tariff of Rates and Charges set out in Appendix A of the Decision and file written confirmation of completeness and accuracy of the draft Tariff of Rates and Charges or provide a detailed explanation of any inaccuracies or missing information.

In accordance with the Board's order, Oakville Hydro hereby advises the Board that the *Rate Riders for Lost Revenue Adjustment Mechanism (LRAM) Recovery/Shared Savings Mechanism (SSM) Recovery (2012)* have been rounded to four decimal places rather than five decimal places as requested by Oakville Hydro. As a result, the rate rider is missing from the draft Tariff of Rates and Charges for the Residential Service Classification.

Oakville Hydro respectfully requests that Board staff make the necessary corrections to the Tariff of Rates and Charges by rounding the Rate Riders to five decimal places as per the *2012 IRM Rate Generator* provided by the Board.

Rate Riders for Lost Revenue Adjustment Mechanism (LRAM)		
Recovery (2012)		
Rate Class	Unit	Rate (\$)
Residential	\$/kWh	0.00004
General Service Less Than 50 kW	\$/kWh	0.00032
General Service 50 to 999 kW	\$/kW	0.00310
General Service Greater Than 1,000 kW	\$/kW	0.00243

Should there be any questions, please contact me at the number below.

Respectfully Submitted,
