Toronto, ON M4P 1E4

Attention: Kirsten Walli, Board Secretary

Dear Ms. Walli:

Re: Request to Withdraw Evidence
Board File No. EB-2011-0283 - Union Gas Ltd. - Renewable Gas Application
Board File No. EB-2011-0242 - Enbridge Gas Distribution Inc. - Renewable Gas Application

Bullfrog Power Inc. ("Bullfrog Power") regrettably requests that the Board withdraw its evidence, namely the Witness Statement of Tom Heintzman, submitted in this proceeding.

Bullfrog Power is interested in the renewable natural gas market in Ontario. Bullfrog Power's objective in this proceeding has been to ensure that the Applicants' proposal considers the demand side of developing an RNG market.

Unfortunately, as Bullfrog was the only intervenor to submit evidence, and as the development of the demand side of an RNG market is not addressed by the Applicants' proposal, the burden to develop an alternative structure that fosters voluntary and sustainable demand in Ontario for RNG is falling on Bullfrog Power. Bullfrog Power is not able to take on that burden. As a result, Bullfrog Power seeks to withdraw its evidence as submitted and will therefore not respond to the related interrogatories.

Bullfrog Power will continue to participate in this proceeding in the same manner as the other intervenors. In addition, Bullfrog Power believes that a more consultative process, rather than a hearing, is a more appropriate way to develop a program in order to support the demand-side of a renewable natural gas market in Ontario, and Bullfrog would certainly be willing to participate in such a consultative process.

Yours truly,

Matt Gardner
