VIA RESS FILING & COURIER

Kirsten Walli
Board Secretary
Ontario Energy Board
2300 Yonge Street, Suite 2700
Toronto, ON M4P 1E4

Dear Ms. Walli,

Re: **EB-2011-0140 – East West Tie Designation Proceeding**

We have reviewed both the recent letter filed by Hydro One with the Board objecting to the disclosure of unredacted versions of consultants' reports to non-transmitter parties, as well as the response to that letter from Mr. Warren on behalf of the Consumers Council of Canada.

We write on behalf of Pic River First Nation to advise that we agree with and adopt the submissions made by Mr. Warren.

We would only add that it is not the role of Hydro One to determine another party's need in this proceeding or the relevance of information to a party. Further, Hydro One's concern regarding the commercial sensitivity of the information in the hands of non-transmitter parties appears to be misplaced.

Declarations and Undertakings have been filed. We understand the gravity of these obligations and take them seriously.

Yours very truly,

HARRISON PENSA^{LLP}
