Hydro One Networks Inc.**

**Re: Declaration and Undertakings
East-West Tie Designation Proceeding (EB-2011-0140)**

The Board's letter to you dated July 11, 2012, provided a list of individuals who had filed a declaration and undertaking to access the unredacted versions of GLPT's and HONI's confidential documents filed with the Board.

In the period August 10 - 13, 2012, RES Canada Inc. filed declaration and undertakings for seven additional individuals to access the unredacted versions of GLPT's and HONI's confidential documents. These individuals are listed Schedule "B" to this letter.

HONI and GLPT have until the close of business on **August 31, 2012** to file any objection with the Board with regard to the Board's acceptance of any of the declaration and undertakings for the individuals listed in Schedule "B". The objection letter must contain the reasons why the Board should not accept the declaration and undertaking. The person to whom any objection relates may reply to the objection on or before **September 7, 2012**.

If HONI and GLPT do not object to any of the declarations and undertakings, they shall immediately serve their confidential information on the individuals listed in Schedule "B". In order to limit the number of copies of this confidential information, HONI and GLPT are asked to send only one paper copy of the documents to each of the three Stantec Consulting Ltd. offices listed in Appendix B, to be shared by the individuals listed who are located in the same office.

RES Canada Inc. has put forward a large number of individuals as recipients of the confidential information in this matter. However, the Board recognizes that in this case, unlike many before the Board, some of the entities receiving confidential information are potential applicants who may be preparing a detailed application for

filing. The preparation of the various types of evidence in an application may involve the participation of several individuals. The Board takes the protection of confidential information very seriously. In addition to binding the individuals who filed declarations and undertakings, the Board will also hold the party (registered transmitter or other intervenor) responsible for ensuring that the individuals receiving the confidential information abide by the terms of the declarations and undertakings.

By copy of this letter, the Board advises all intervenors in this proceeding that any new declaration and undertaking to access the unredacted versions of GLPT's and HONI's confidential documents must be filed with the Board by **September 29, 2012**.

Yours truly,

Original signed by

Kirsten Walli
Board Secretary
