Dear Ms. Walli

**Re: West Cost Huron Energy's Deadline Extension Request -
Board File No. EB-2012-0175**

West Coast Huron Energy requests an extension in our Cost of Service Application. Our application is currently due by 30 August, 2012.

We would like to request an extension until 15th October, 2012. This additional time is required to ensure that our application is complete.

We would thank the Board for their consideration in this matter.

Yours truly,

Larry J. McCabe
President
