## NOTICE OF APPLICATION AND HEARING FOR AN ELECTRICITY DISTRIBUTION RATE CHANGE

### Midland Power Utility Corporation

Midland Power Utility Corporation ("Midland") has applied to the Ontario Energy Board for permission to change its delivery charges beginning May 1, 2013. The application was filed on August 31, 2012 under section 78 of the *Ontario Energy Board Act, 1998*, S.O. 1998, c.15 (Schedule B).

Delivery charges are one of four regular items on Residential and General Service customers' electric bills and vary depending on the amount of electricity consumed. **If the application is approved as submitted, the monthly bill for a Residential customer who consumes 800 kWh per month will increase by about \$11.10. The monthly bill for a General Service customer consuming 2,000 kWh per month and having a monthly demand of less than 50 kW would increase by about \$18.35.** Other rate classes will also be affected. These proposed changes to the delivery charges are separate from other potential changes to the electricity bills, which are not affected by this application.

For additional information on the charges on electricity bills, visit the Consumer page of the Board's website at <http://www.ontarioenergyboard.ca>.

The Board has assigned the application File No. EB-2012-0147. This application will proceed by way of either a written or oral hearing, to be subsequently determined. The Board's decision on this application may have an effect on all of Midland's customers.
