Re: Confidential Filing of Responses to Interrogatory EB-2012-0168

Dear Ms. Walli:

Further to Tillsonburg Hydro Inc. (THI) letter of January 21, 2013, THI hereby requests the Board's direction with respect to the filing of confidential response to an Energy Probe and a VECC interrogatory. This is in respect to

Exhibit I
Energy Probe Interrogatory # 1c)
Exhibit 4
VECC Interrogatory #22c)

Energy Probe and VECC has requested documented time sheets or studies supporting full-time wage allocation. Substantial support for this response will require the disclosure of our third party auditors working papers, which shows individuals wages and other employee sensitive data. This confidential information was previously submitted to the Board.

Due to the volume of data included in the working papers a redacted version of these working papers is not tenable. THI has filed with our COS application a supporting third party prepared Transfer Pricing study which supports and explains the time allocation questioned by Energy Probe and VECC.

THI is prepared to share a copy of the confidential filing to any intervenor that has signed the Board's confidential undertaking form, should the Board so direct.

If you require any further information on this matter, please do not hesitate to contact the undersigned.

Sincerely

A handwritten signature in black ink, appearing to read "Darrell Eddington".

Darrell Eddington
Treasurer
Tillsonburg Hydro Inc.
