Re: Request to change Technical Conference date

Dear Ms. Walli:

Further to the Board's Procedural Order No. 3 and the requirement that there be a transcribed Technical Conference convened on February 27, 2013, I regret to inform the Board that as the Treasurer for Tillsonburg Hydro Inc., I am unable to attend due to an out of country commitment. Given that Tillsonburg Hydro Inc. no longer employs a Finance Regulatory Affairs Manager as of January 4, 2013, there is no other Finance resource available to attend that has any familiarity with the rate application, or the ability to answer finance related questions that may arise, and be the overall spokesperson on the rate application for Tillsonburg Hydro Inc.

Accordingly, I respectfully request that the Board consider a change in the date for the Technical Conference.

If you require any further information on this matter, please do not hesitate to contact the undersigned.

Sincerely

Darrell Eddington
Treasurer
Tillsonburg Hydro Inc.
