Application File No. EB-2012-0165

Attn: Board Secretary

I wish to have intervenor status on the above noted application. I feel the requested increase in delivery charges are excessive for the residential customer.

My increase in delivery charges would be about 15% using their approximate increase of \$8.25 per month for 800 kwh customer.

I also note the increase for a General Service customer is much lower.

I am requesting this increase for the residential customer be denied.

Thank you.

Douglas A. Shields.
