Subject: Long Term Load Transfer Arrangement

File# EB-2013-0072

Hi,

As a current customer of Hydro Ottawa, we would like to continue with them under the long term load transfer arrangement, section 6.5.4 of the Distribution System Code Pertaining to 40 Long Term Load Transfers. We have not had any issues with our hydro service from Hydro Ottawa. We suggest you continue with the current long term load transfer agreement.

Thank you.
Rene Dumoulin
