Dear Ms. Walli:

Re: Oshawa PUC Networks Inc. (ED 2002-0560)
2014 IRM Rate Application (EB-2013-0162)

Oshawa PUC Networks Inc. received the Decision of the Board concerning the above rate application. We have reviewed the Tariff of Rates and Charges set out in Appendix A of that Decision and note the inaccuracy detailed below.

There appears to be an error in the rate calculated for 2014 in the “Large Use > 5000 KW” category. The rates reflected on the proposed rate sheet for this category are the 2013 rates. We have updated the model (latest one from OEB website) and find that the 2014 fixed rate should be \$8,270.63 while the variable rate should be \$2.0531.

Yours truly,
