

ONTARIO ENERGY BOARD NOTICE TO CUSTOMERS OF NEWMARKET TAY DISTRIBUTION LTD.

Newmarket Tay Distribution Ltd. has applied to change its electricity distribution rates. Learn more.

Newmarket Tay Distribution Ltd. has applied to the Ontario Energy Board to increase the amount it charges by approximately \$0.20 each month for the typical residential customer beginning on May 1, 2014. Other customers, including businesses, may be affected as well.

The requested rate increase is tied to inflation and other factors intended to promote efficiency.

Newmarket Tay Distribution consists of the former Newmarket and Tay service areas. These service areas may experience different rate changes due to certain temporary charges pre-dating the merger of Newmarket Tay's predecessor companies that are scheduled to end at the same time as the implementation of an increase due to inflation.

The Ontario Energy Board (OEB) will hold a public hearing to consider Newmarket Tay Distribution's request. We will determine whether Newmarket Tay Distribution has used the applicable models and formulas as required by the OEB. At the end of this hearing, the OEB will decide on the appropriate rate changes.

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.
